- Please do not shovel snow from driveways and sidewalks onto the town streets, this will keep the roads more travelable & will provide more moisture for your own lawns.
- The Town of Daysland Public Works is very busy in the winter removing snow. Public Works will be there as soon as they can to remove the snow from your street, so please be patient.
- Please make sure trees and shrubs are not overhanging on sidewalks, roadways, or alleys to ensure the grader is able to access these roads and alleys for snow removal purposes.
- Public Works is unable to plough your residential side street with parked vehicles on it, they will place signs on your street the night before they plough. **PLEASE** move your vehicles so that the town vehicles can move freely and safely to remove the snow.

MENTAL HEALTH

On August 16th, Town Council had the opportunity to meet with members of Alberta Health Services (AHS) Assertive Outreach program covering eastern Central Alberta. This particular team helps clients with severe and persistent mental illness improve or maintain their ability to function in the community. Nurses on the team will work with the most vulnerable and complex clients to connect them with the health, social and economic supports they need.

Individuals face many degrees of mental health challenges in all of our communities. If undiagnosed, those challenges may lead to addiction to drugs and alcohol. Many times, mental health issues go untreated because of misperceptions. But this is changing, and the public is starting to understand that mental health issues are no different than any other ailments. Mental health issues can be treated. There are many good medications and counsellors available that can support our residents in living productive and happy lives. Assertive Outreach is just one of many programs and services AHS offers. If you, or a loved one you know, might benefit from addiction or mental health support, please reach out.

There are many options to get help including:

MARRIAGE COUNSELING ADVICE

After 35 years of marriage, a husband and

wife came for counseling.

When asked what the the problem was, the wife went into a tirade listing every problem they had ever had in the years they had been married. On and on and on: neglect, lack of intimacy, emptiness, loneliness, feeling unloved and unlovable - and entire laundry list of unmet needs she had endured.

Finally, after allowing this for a sufficient length of time, the therapist got up, walked around the desk and after asking the wife to stand, he embraced and kissed her long and passionately as her husband watched with a raised eyebrow.

The woman shut up and quietly sat down in a daze. The therapist turned to the husband and said, "This is what your wife needs at least three times a week. Can you do this?"

"Well, I can drop her off here on Mondays and Wednesdays, but on Fridays I fish."
